

BUILDING CORPORATE HAMPERS

YOUR OPTIONS FOR A UNIQUE & BEAUTIFUL GIFT
FOR YOUR CLIENT, SUPPLIER OR GUEST.

WHEN YOU ARE SENDING A CORPORATE GIFT, YOU WANT TO REFLECT THE QUALITY OF YOUR COMPANY AND BRAND VALUES.

We have put together options at different price points to give you the freedom to match each gift budget. Add a personal touch with a handwritten gift card or create a bolder impact with an elegant accessory personalised with your company logo.

Tell a story with your hamper and show that you really know your client or supplier; personalise the gift with a handwritten celebration card or accessory that you know they will value.

1

CHOOSE YOUR BASE HAMPER

We have a great range of gift boxes and hampers filled with premium produce that we have carefully selected for you.

ORDERING MULTIPLE HAMPERS?

If you are ordering more than five hampers, then we are happy to quote for bespoke produce from our list, if you have a particular preference for contents.

PERSONALISE YOUR HAMPER BOX?

If you are ordering a wooden birch gift box, we are happy to quote for your logo to be added.

2

ADD A CELEBRATION CARD?

We have a set of celebration cards that can be handwritten with your message.

If you are regularly gifting to your client list or guests, then ask us about creating a specially designed celebration card.

This is a stylish and unique way to subtly express your corporate image creatively.

Printed on high quality card stock with envelopes.
Minimum order of 100.

3

ADD AN ACCESSORY?

Choose from a hand-stitched leather iPad or tablet case
or hand-stitched leather bound notebook.

Images are descriptive of the style.
This colour can be purchased by special order.

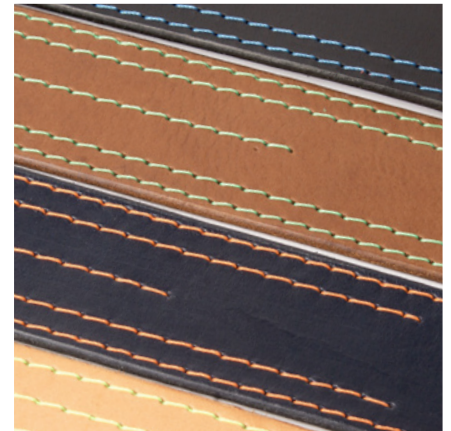

ADDING 3 OR MORE ACCESSORIES?

If you are sending out three accessories, then these can be embossed with your company logo.

ADDING 10 OR MORE ACCESSORIES?

If you order ten or more of the same accessory, we can create these in a colour and contrasting stitching to reflect your own corporate colours. Many other features can be personalised according to your brand as well - maybe you prefer longer stitching or thread variety. Feel free to talk to us about your ideas.

These are uniquely special accessories, all handmade in unhurried production in a workshop in Hove. The leather is handpicked by specialist merchants and is mainly vegetable tanned.
